QUALICAL PRO

ANTI-STRESS EFFECT

L.Proline plays an crucial role in protecting plants during environmental stress.

L.Proline plays an excellent anti-stress role and leads to tolerance to a wide range of abiotic stresses.

L.Proline is especially important during stress (drought, salinity and freezing).

QUALICAL PRO is a new amino-acid compound (L.Proline) with original technology calcium.

Benefits of using QUALICAL PRO are improved quality of fruits and leafy vegetables.

L-Proline: 0.75%

— Dose

3-5 ml/per liter of water

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
					200
B	Cu	Fe	Mn	Mo	Zn

In g/L for liquid products

N-ERGY START

ENERGY EFFECT

A unique selection of 5 amino acids to improve plant metabolism:

/ Methionine: Root promoter (increases oxygenation effect)

/ Proline: Anti-stress and osmo-regulator

/ Aspartic Acid, Glutamic Acid and Arginine: Nitrogen Metabolism and

Pure seaweed extract enhances and supports the action of each amino acid.

N-ERGY START is a bio-stimulant product for foliar application.

/ Phosphorus and zinc nutrition greatly improves crop yield.

/ Increases crop productivity even under stress conditions.

— Dose

2-3 ml/per liter of water

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
3.7%	27%				
B	Cu	Fe	Mn	Mo	Zn

In g/L for liquid products

N-ERGY TONUS

BOOST EFFECT

A unique selection of 5 amino acids to improve plant metabolism:

/ Methionine: Root promoter (increases oxygenation effect)

/ Proline: Anti-stress and osmo-regulator

/ Aspartic Acid, Glutamic Acid and Arginine: Nitrogen Metabolism and

Pure seaweed extract enhances and supports the action of each amino acid.

N-ERGY TONUS is a bio-stimulant product for foliar application.

N-ERGY TONUS improves photosynthetic activity.

N-ERGY TONUS provides effective delivery of nutrients to the plant

and works well under stress conditions.

— Dose

2-3 ml/per liter of water

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
7.7%	4.7%	4.6%			
B	Cu	Fe	Mn	Mo	Zn

In g/L for liquid products

N-ERGY BLOOM

FLOWER EFFECT

A unique selection of 5 amino acids to improve plant metabolism:
 / Methionine: Root promoter (increases oxygenation effect)
 / Proline: Anti-stress and osmo-regulator
 / Aspartic Acid, Glutamic Acid and Arginine: Nitrogen Metabolism and
 Pure seaweed extract enhances and supports the action of each amino acid.
 N-ERGY BLOOM is a bio-stimulant product for foliar application.
 N-ERGY BLOOM increases the number of flowers by increasing the quality of
 pollination. It helps to increase productivity in stressful situations.

— Dose
 2-3 ml/per liter of water

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
B	Cu	Fe	Mn	Mo	Zn
7.2%				0.45%	

In g/L for liquid products

N-ERGY UP

STAY GREEN

A unique selection of 5 amino acids to improve plant metabolism:
 / Methionine: Root promoter (increases oxygenation effect)
 / Proline: Anti-stress and osmo-regulator
 / Aspartic Acid, Glutamic Acid and Arginine: Nitrogen Metabolism and
 Pure seaweed extract enhances and supports the action of each amino acid.
 N-ERGY UP is a bio-stimulant product for foliar application. Helps increase
 nitrogen efficiency.
 Better photosynthetic activity and leaves green for longer.
 N-ERGY UP is formulated for better nitrogen uptake efficiency. It works well under
 nitrogen and sulfur stress conditions.

— Dose
 2-3 ml/per liter of water

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
15%				47%	
B	Cu	Fe	Mn	Mo	Zn

In g/L for liquid products

N-ERGY

SIZE EFFECT

A unique selection of 5 amino acids to improve plant metabolism:
 / Methionine: Root promoter (increases oxygenation effect)
 / Proline: Anti-stress and osmo-regulator
 / Aspartic Acid, Glutamic Acid and Arginine: Nitrogen Metabolism and
 Pure seaweed extract enhances and supports the action of each amino acid.
 N-ERGY is a bio-stimulant product for foliar application.
 N-ERGY is a global plant booster.

— Dose
 2-3 ml/per liter of water

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
5.4%		4.7%			
B	Cu	Fe	Mn	Mo	Zn

In g/L for liquid products

FULVACTIV

SOIL IMPROVER

FULVACTIV improves soil quality (structural properties) through the development of humifying flora which participates in the formation of fungi: water drainage is improved, excess water is better managed, Nutrient stocks are improved and soil pH is well controlled. FULVACTIV stimulates biological activity and the development of soil microorganisms. FULVACTIV develops the plant's mineral absorption capacity and improves plant nutrition

— Dose
1 Ltr. / Acre

Composition:
Total fulvic acids: 24%
Organic Nitrogen: 4%
Organic matter: 35%
Amino acids total: 8%
Potassium (K₂O): 4%

CONCENTRATED
FULVIC
ACIDS

SOLIFLOW ACRE

ROOT DEVELOPER

SOLIFLOW ACRE is a root activator composed of 4 active ingredients. (Humic Acid and Fulvic Acid Pure L-Tryptophan, Pure L-Methionine and Acreciactiv.) SOLIFLOW ACRE stimulates root growth and plant development and improves soil nutrient uptake. SOLIFLOW ACRE helps improve plant vigor by reducing crop stress.

— Dose
From soil : 1 L per acre every 10-15 days (4 times)
From spray: 2 ml. / L of water every 10-15 days
(3 applications per crop cycle)
Root dipping: 1 ml per plant for tree crops

L-Tryptophan
L-Methionine

N	P ₂ O ₅	K ₂ O	MgO	SO ₃	CaO
120	50	100			
B	Cu	Fe	Mn	Mo	Zn
